How to book your exam

All our exams are delivered through an online examination system called ProctorU. To enrol for an exam, go to: <https://go.proctoru.com/>

Make sure you are well-prepared. Use the [ProctorU Preparation checklist](#) to assess whether you are ready to take the exam.

If you are a new user, select Test Taker. Select "SECO-Institute" as the institution and fill in all the necessary information. [See the instructions for more information](#). Once you have scheduled your exam, you will be asked to pay the exam fee. If you have an [exam voucher](#), please fill in the access code.

Our online examination system allows you to book your exam and take it at any place convenient to you. Do you prefer your kitchen table, your home desk or your office? Would you rather take a test in the day or at night? It is all up to you!

System requirements

To ensure the quality and security of the examination, you will have to meet specific requirements regarding your computer configuration, your exam environment and your behaviour during the exam. [Click here to see the requirements](#).

The exam will be taken with special proctor software. To enable webcam and audio recording during the exam, you have to install software that monitors your activities.

Your exam will be recorded through your webcam and microphone. The recordings will be reviewed by multiple proctors after you have completed the exam. The proctors will check if you comply with all the requirements for the examination.

Results

If no non-conformities are detected by the proctors, you will receive the final result by email one month after completing the test. The email will also contain information on how to claim your certificate and digital badge as well as how to use your title.

Digital badges

SECO-Institute and digital badge provider Acclaim have partnered to provide certification holders with a digital badge of their SECO-Institute certification. Digital badges can be used in email signatures as well as on personal websites, social media sites such as LinkedIn and Twitter, and electronic copies of resumes. Digital badges help certification holders to convey employers, potential employers and interested parties the skills they have acquired to earn and maintain a specialised certification.
